

Hello everyone!

This week we have spent a lot of our time trying to find cool places around the Nursery, especially after lunch when it has been feeling very hot! I think our favourite cool spot has definitely been the paddling pool. We have had great fun filling it with the hose and paddling in the afternoons.

We have been busy planting baby spider plants as little gifts for our Dads and have been learning a new song all about 'The 3 Little Pigs.'

Have a lovely weekend everyone!

Katherine and the Team

Groups/Areas next week

Kestrels will be in the **Nest**.
Drop-off at the bottom gate.

Larks will be in the **Den**.
Drop-off at the top gate.

*At the end of the day,
please come down to the Nursery to collect your child.
Follow our one-way system and enter the back door of the Nursery please.*

Baby photos

Children have been very interested in age, size and growing and couldn't believe that Liz was once a little girl!! We have been bringing in pictures of us when we were little and thought it would be nice if children wanted to, they could bring in a photo of themselves as a baby to show us next week.

Can you guess who this is?

Sponsored Cycle / Scoot

This year, following Covid and all its restrictions, we have not prioritised fundraising activities and events.

We now have a worthy cause for fundraising - we would like to keep our chicks this year and have a fenced area where they will be able to live. We would like to raise enough money to buy a new chicken hutch with a sensor for the chickens to put themselves to bed at night when we are not here.

Many of the children have expressed an interest in bringing in their own bikes and scooters to nursery to show us. We have, therefore, decided to organise a sponsored cycle/scoot around our outside track during the week beginning **27th June**.

An electronic sponsor form will be attached by email with this newsletter and a paper copy can be collected from the Nursery.
