Friday 10<sup>th</sup> May 2024

Hello everyone

This week we have enjoyed some beautiful weather and the sunshine really does bring out the best at Mells Nursery. We have spent long periods of time outside digging in the sand, gardening, selling ice creams and cycling to Africa on our buses! We have created a new water play area in the back garden for children to explore how water travels down chutes and for experimenting with filling and emptying. We have been talking about staying safe in the sun and how important it is to wear hats and drink lots of water. (We always have spare hats so don't worry if you ever forget)

Have a wonderful weekend everyone.

Katherine and the Team.

## Eggs

If you have eggs from the Nursery, please remember to put your money in the pot. The money does not go to Nursery but goes to one of our parents who supplies the eggs. Thank you

## Breeze blocks or similar wanted please.

Does anyone have any spare breeze blocks (or similar) they could donate to Nursery? We need to create a base underneath a small outside storage shed for our garden tools and equipment.

## Mells Fete -Thank you!

We would like to take this opportunity to thank everyone who helped at our café or with hair braiding or weaving during the fete. It was such a busy day and we truly wouldn't have been able to do it without your help. It was such a lovely chance to feel part of the wonderful Mells Community. Thank you also to everyone who made cakes for the café, we had such a delicious looking display and lots of very happy customers. An enormous thank you to Mells Fete committee members for organising such a special day.

**THE EXCITING NEWS IS WE HAVE MADE OVER £1,000 for the Nursery**
