Friday 20th September

Hello everyone,

This week we have been making the most of the sunshine and have spent a lot of time outside - climbing trees, using the tools, building sandcastles, washing the bikes and on Thursday we went for an adventure and picnic at the quarry. Today we were excited to hear the thunder and sang songs about storms. We have been singing 5 little speckled frogs and have enjoyed listening to the Owl Babies story.

Choosing a School for next Year

I know some of you will be starting to think of school placements for your children next year. We are starting to receive information about School Open days and have included some as an attachment to this email. Open Days will give you a feel for a school to help support your decisions before the deadline for school application in January.
