Friday 4th July 2025

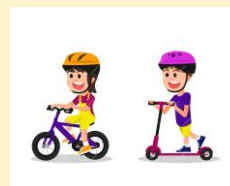

This week, we have had some exciting events and adventures. On Wednesday afternoon when it was a bit cooler, we put on our high-vis jackets and went to pick some delicious raspberries that are growing wild on the green. When we returned to nursery, we had some special visitors - Vaila's mummy had brought her guinea pigs in to visit us. Mango and Twix enjoyed the cuddles and we did too!

Some of our new families came for a picnic with us on Thursday; all of the children here helped to look after them and show them around. We had a very quiet morning on Wednesday when the older children went to visit their new schools; they have loved telling us about their favourite bits when they returned.

Scooters and bikes next week.

We usually hold a sponsored scoot or cycle around our track this term. As we have had more fundraising events this year, we will not be holding our sponsored event but we know the children *love* to bring their own bikes/scooters from home.

So next week, the children can bring their own bikes/scooters each day and we will have a friendly challenge of how many times we can cycle around the track.

Meeting Mango & Twix

Raspberry picking adventures

Parent questionnaire

Please support us by completing our brief parent questionnaire. Paper copies are on the table at the front of the nursery.

This really helps us to reflect on our practice and make improvements.

Thank you!
